

CoopLink

Smart Cooperative Management Platform

How It Works

Africa's Most Powerful Cooperative Platform

Designed for Governments · MFBs · Cooperatives · Thrift Groups

500+

Cooperatives

50,000+

Members

■ 2B+

Managed

99.9%

Uptime

The Problem

Manual Records

Why traditional cooperatives struggle to scale and maintain trust

Paper ledgers cause errors and lost

transaction history

Cash Risk

Untracked cash creates embezzlement

opportunities

No Visibility

Members never know their real

balance or loan status

No Digital

Young members leave for digital-first

financial services

Slow Loans

Manual approval takes weeks — members

turn to predatory lenders

Poor Compliance

No reminders, defaults untracked,

health deteriorates silently

How CoopLink Works

Three simple steps from setup to running

1

Admin Setup

5 minutes

- ✓ Create cooperative
- ✓ Add members
- ✓ Set loan plans
- ✓ Customise branding

2

Members Join

2 minutes

- ✓ Download app
- ✓ Login with Member ID
- ✓ Set fingerprint PIN
- ✓ Make first payment

3

Coop Runs Itself

- ✓ Members pay from phone
- ✓ Apply for loans
- ✓ Admin approves digitally
- ✓ Reports auto-generated

Member App Features
